Invitation to Sponsor at AEA Europe 2026 Conference

This year's annual conference of the Association for Educational Assessment Europe (AEA Europe) will be held in Rome from 25 - 28 November 2026. I invite you to partner with the Association by providing sponsorship for the conference and becoming visibly associated with the event. See conference website <https://2026.aea-europe.net/>

AEA Europe <https://aea-europe.net/> serves individual and corporate members from across Europe and globally who share interests in educational assessment. Members work in examination agencies, regulatory bodies, research institutes, universities, schools, the corporate sector and government organisations. The Association is a vibrant forum for the exchange of research, developments and practice in relation to assessment policies, processes and products internationally.

Our recent conferences in Ireland, Malta, Cyprus, and The Netherlands have attracted between 300-400 delegates from nearly 40 countries. We anticipate that the event in Rome, one of the world's most iconic cities, will be our largest yet. Our venue in the city—Università Roma Tre—is centrally located in Rome and highly accessible to delegates from Italy and for international colleagues. The university offers delegates an inspiring setting that combines cutting-edge facilities with the cultural richness of Italy's capital city.

The theme of the 2026 conference is **Assessment Literacy: Building Capacity for Quality Assessment Across Educational Systems and Assessment Providers**. The backdrop to this theme includes the increasing complexity of assessment methods, the evolving expectations of users and consumers of assessments, and the varying uses to which assessment information is put. Never has it been so important that people involvement in assessment—test developers, researchers, policymakers, educators, learners and the public—have the knowledge, skills and competencies to use assessment wisely. The conference programme will contain keynote addresses by international leaders in the field, papers, symposia, discussion groups and poster presentations, in addition to workshops.

I invite you to support our conference. Sponsorship represents a valuable way to raise the profile of your organisation and to highlight your services/products with the many assessment researchers, practitioners, policymakers and doctoral students who will be attending the event. This Sponsorship brochure outlines a selection of ways in which you can partner with us and, therefore, link your organisation's identity with the event. Should none of these packages suit your needs, we are happy to discuss alternative options with you to facilitate your involvement with the conference as a sponsor.

If you are interested in any of the sponsoring opportunities outlined in the prospectus, or in providing any other form of support, please contact us using the details on the cover of this brochure.

I would welcome the opportunity to work with your organisation as we prepare for our conference in Rome.

Kind regards,

Professor Damian Murchan
President, AEA Europe
